

Psychology of Wellbeing

This document gives a range of useful information for this course including general information, a course schedule, assessment information and how to get help. Ready to enrol? Take the next step at uonline.ac.nz/online-courses/psychology-of-wellbeing.

General Information

Item	Description
Course Length	The course runs over nine weeks (with a one-week study break in the middle of the term) plus a two week review period for making and feedback.
Course Description	<p>Wellbeing has become a popular buzzword. It's a broad concept that covers our physical, mental, emotional, and social health.</p> <p>In this course we review the theory of wellbeing, and explore the psychology of wellbeing - the science behind human behaviour and mental processes that can:</p> <ul style="list-style-type: none"> • promote and maintain our overall wellbeing. • allow us to thrive at work and at home • help us avoid the negative thinking traps that get in our way. <p>Using the latest academic research and models of wellbeing, you'll learn practical solutions to use in your home and workplace to boost the wellbeing of you and the people around you.</p>
Learning Outcomes	<p>Once you've successfully completed this course, you'll be able to:</p> <ul style="list-style-type: none"> • Compare and contrast different models of wellbeing. • Outline the psychological factors involved in the development and maintenance of wellbeing. • Explain clinically proven psychological approaches to enhancing wellbeing. • Develop effective and specific strategies to enhance personal wellbeing and/or the wellbeing of others, through changing thought processes.
Learning Impact	It will help you understand how to improve your own wellbeing and the wellbeing of those in your care through a better understanding of our thinking processes and applying scientifically proven techniques to reframe negative thinking.
Delivery	<p>This course is 100% online, which means you can log on when it suits you each week to fit learning into your life, so long as you meet assessment deadlines.</p> <p>You'll need to work through the course materials and assessments in the relevant weeks, as outlined below in the course schedule.</p>
Estimated hours per week	We estimate your engagement will be around six – seven hours a week over the nine learning weeks (excluding the one-week study break).

Qualification	<p>Micro-credential: This is a standalone course that recognises the achievement of specific skills, experience, or knowledge.</p> <p>Upon successful completion of the course you will be issued a digital badge to recognise your learning achievements. This can take up to 2 months to be delivered after the marking and feedback period.</p>
Academic points	<p>Each course has a points value that reflects the workload for the course.</p> <p>Successful completion from this course will result in you being awarded five points at NZQF Level 6.</p>
Recommended prior learning	<p>There is no specialist prior learning required to enrol on this course. However, you will need to have confidence listening to, reading, and writing in English with an interest in wellbeing.</p> <p>Under 20? You'll also need Universi[ty Entrance or an equivalent to enrol.</p>
Who is this course for?	<ul style="list-style-type: none"> • Health and Wellbeing industry professionals • HR professionals • Managers • Teachers • Parents • Wellbeing Representatives
Technology Requirements	<p>We recommend:</p> <ul style="list-style-type: none"> • A laptop or desktop computer and a reliable internet connection. • Word processing software (like Microsoft Word or Google Docs) to complete your assignments.
How the course works	<p>You'll need to work through this course sequentially. It's divided into five modules that run over nine weeks (excluding the one-week study break). Use the navigation block on the left to move from one module to another. Each module includes the following material:</p> <ul style="list-style-type: none"> • A module introduction with specific learning objectives. • Topic content using a range of media. • Activities to apply what you've learnt and/or discuss with your peers and course facilitator. • A quiz to assess understanding of key concepts. • A list of references used in the module topic content. • A 'temperature check' survey to seek your feedback about your experience as a learner. <p>You will gain access to the following module only if you complete content in the previous module. Learning online doesn't mean learning alone. Our courses have been designed to enable a cohort community so you can learn and grow from each other's experience. We also have a facilitator for each course who is there to offer support as you work through your learning, in addition to our Enrolment Advice and Online Learning Support teams.</p>

Assessment	To receive a passing grade for this course, you need to have attempted all activities and to have received an overall grade of at least 50%. For more details see the assessment schedule below.
