General Information

Item	Description
Course Length	The course runs over nine weeks (with a one-week study break in the middle of the term) plus a two-week review period for marking and feedback.
Course Description	New to managing risk at work? Do you need to know and work with risk management principles and frameworks? Learn to understand and apply risk management standards, informed by the foundational ISO 31000 and fast-track your career as a risk management professional. Developed with input from Risk NZ and CGINZ, in this course you'll learn the essential knowledge and practical insights to identify and manage risk in your organisation. In this online course, you'll learn to identify risk management principles, frameworks, and processes within the Aotearoa New Zealand regulatory context. You'll look at what the standards are, and practise applying these through case studies and real-world scenarios. You'll also look at emerging trends and future considerations in risk management. Learn the essentials to support robust risk management in your organisation in just 6 hours per week and prepare your organisation for the future.
Learning Outcomes	- Define risk principles and definitions using accepted risk management terms and language. - Evaluate scenarios where risk management can add value. - Evaluate the applicability of ISO 31000 and other standards to your context. - How to apply a contemporary risk management lens to real-life scenarios.
Learning Impact	This course aims to teach the essential standards and techniques for identifying, assessing and managing organisational risk. This course will be most useful if you are testing what you learn in your own workplace/context.
Delivery	This course is 100% online, which means you can log on when it suits you to fit learning into your life. You'll need to work through the course materials and assessments in the relevant weeks, as outlined below in the course schedule.

Estimated hours per week	We estimate your engagement will be about six – seven hours a week over the nine learning weeks (excluding the one-week study break).
Qualification	This is a standalone course that recognises the achievement of specific skills, experience, or knowledge. Upon successful completion of the course you will be issued a digital badge to recognise your learning achievements. This can take up to 2 months to be delivered after the marking and feedback period.
Academic points	Each course has a points value that reflects the workload for the course. Successful completion from this course will result in you being awarded five points at NZQF Level 8.
Recommended prior learning	This course is equivalent to Level 8 postgraduate study, therefore applicants must meet the entry criteria as approved by NZQA, and have; • Either a bachelor's degree or equivalent level qualification • <u>OR</u> equivalent professional experience in a relevant field. Learners will be asked to demonstrate equivalent professional experience, which can include paid or voluntary work. If you'd like to check if you have the equivalent professional experience, you can email us at info@uonline.ac.nz Courses are taught in English and so learners should have confidence listening, reading and writing in English.
Who is this course for?	• Working professionals who have risk management as part of their role • Professionals who want to develop their knowledge in this area • Early career risk management practitioners who deal with risk everyday • Directors and board members who need to be aware of general risk issues
Technology Requirements	We recommend a laptop or desktop computer and a reliable internet connection.
How the course works	You'll need to work through this course sequentially. The course is divided into four modules that run over eight weeks. To support a work/life balance we have one-week study break making the total course nine weeks long. Use the navigation block on the left to move from one module to another. Each module includes the following material: • Specific learning objectives and module introduction. • Topic content using a range of media. • Activities to apply what you've learnt and/or discuss with your peers and facilitator. • A quiz to assess understanding of key concepts. • A list of references used in the module topic content. • A 'temperature check' survey to seek your feedback about your experience as a learner. You will gain access to the following module only if you complete content in the previous module. Learning online doesn't mean learning alone. Our courses have been

	designed to enable a cohort community so you can learn and grow from each other's experience. We also have a facilitator for each course who is there to offer support as you work through your learning, in addition to our Enrolment Advice and Online Learning Support teams.
Assessment	To receive a passing grade for this course, you need to have attempted all activities and to have received an overall grade of at least 50%. For more details see the assessment schedule below
Pricing	Domestic learners: \$395 incl. GST where applicable International learners: \$821 incl. GST where applicable Note: Pricing is subject to change, please check our website for the most up-to-date fees. GST is only applicable for learners living in New Zealand during their study.
